

Adaptive Project Delivery Strategy

This event is
Co-organized with:

The world has changed !

Of the Fortune 500 companies in 1955, **89%** are gone.

Companies failed, so do projects - **WHY?**

Have you ever thought of you may be solving the wrong problem, using the wrong approach, or the environment has changed so fast that made your project irrelevant?

Everything is too BIG, too FAST and too Complex.

Now, the Adaptive Project Delivery has extended from MSCPMP SIG to a FULL implementation workshop. Join us and learn how to change your current project delivery strategy to become more resilience. Gain hands on experience from our tailored exercises!

BENEFITS

By the end of this workshop, you should be better able to:

- Aware the environmental-social-technological non-linear complex adaptive systems' dynamic affecting your project outcomes;
- Analyze, validate and tailor your PM delivery model to fit the current project environment;
- Apply the tools and techniques to simulate the PM delivery model implementation.

WHO SHOULD ATTEND?

Project, Program, Portfolio, Functional Managers, Product Owner, Business Analysts or Consultants who find it challenging to manage projects and stakeholders expectations.

LEE NAN PHIN
MSC, PMP®. CSM
MNCC Council Member

LEE NAN PHIN has more than 25 years of experience in managing projects and consulting in various environments; ranging from the Government, Financial Services Industry to the Conglomerates, System Integrators and Independent Software Vendors.
